Thank you for participating in today's meeting. The Planners' Technical Advisory Committee encourages public participation and invites you to share your views on agenda items.

MEETINGS: *Regular Meetings of the Planners' Technical Advisory Committee are held on the fourth Thursday of each month at 12 PM at Upper San Gabriel Valley Municipal Water District-602 E. Huntington Dr., Suite B, Monrovia, CA 91016.* The Planners' Technical Advisory Committee agenda packet is available at the San Gabriel Valley Council of Government's (SGVCOG) Office, 1000 South Fremont Avenue, Suite 10210, Alhambra, CA, and on the website, www.sgvkog.org. Copies are available via email upon request (sgv@sgvcog.org). Documents distributed to a majority of the Committee after the posting will be available for review in the SGVCOG office and on the SGVCOG website. Your attendance at this public meeting may result in the recording of your voice.

CITIZEN PARTICIPATION: Your participation is welcomed and invited at all Planners' Technical Advisory Committee meetings. Time is reserved at each regular meeting for those who wish to address the Board. SGVCOG requests that persons addressing the Committee refrain from making personal, slanderous, profane, or disruptive remarks.

TO ADDRESS THE PLANNERS' TECHNICAL ADVISORY COMMITTEE: At a regular meeting, the public may comment on any matter within the jurisdiction of the Committee during the public comment period and may also comment on any agenda item at the time it is discussed. At a special meeting, the public may only comment on items that are on the agenda. Members of the public wishing to speak are asked to complete a comment card or simply rise to be recognized when the Chair asks for public comments to speak. We ask that members of the public state their name for the record and keep their remarks brief. If several persons wish to address the Committee on a single item, the Chair may impose a time limit on individual remarks at the beginning of discussion. **The Planners' Technical Advisory Committee may not discuss or vote on items not on the agenda.**

AGENDA ITEMS: The Agenda contains the regular order of business of the Planners' Technical Advisory Committee. Items on the Agenda have generally been reviewed and investigated by the staff in advance of the meeting so that the Committee can be fully informed about a matter before making its decision.

CONSENT CALENDAR: Items listed on the Consent Calendar are considered to be routine and will be acted upon by one motion. There will be no separate discussion on these items unless a Committee member or citizen so requests. In this event, the item will be removed from the Consent Calendar and considered after the Consent Calendar. If you would like an item on the Consent Calendar discussed, simply tell Staff or a member of the Planners' Technical Advisory Committee.

In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the SGVCOG office at (626) 457-1800. Notification 48 hours prior to the meeting will enable the SGVCOG to make reasonable arrangement to ensure accessibility to this meeting.

ADJOURN

their basic responsibility to pay for the following programs and services (which are collected with vehicle registration):

- Use Taxes (especially for used or out-of-state vehicles where this may not be paid upfront)
- The California Highway Patrol
- The California Department of Motor Vehicles
- The State Highway System (including SB 1 basic maintenance and operation funding)
- The California Air Resources Board
- Local streets and roads (including SB 1 basic operation and maintenance funding)
- The State General Fund
- Service Authority for Freeway Emergencies fees (for emergency call boxes)
- Air quality fees set by air quality management districts to reduce air pollution
- The Vehicle License Fee
- Toll violations
- Other State agencies¹

While the DMV may have the authority to take other extraordinary measures, such as garnishing wages, garnishment does not solve the problem of an unregistered vehicle operating unlawfully on the public highway. The threat of impoundment and/or getting one's vehicle back from impoundment is often the strongest compliance tool proportional with these types of violations. These same tools are necessary to enforce local vehicle laws aimed at protecting the public right of way.

72-hour parking time restrictions are a key element in city efforts to protect the public right of way. Protection of the public right of way allows for residents to access the various facets of a city, including residential neighborhoods, government services, local businesses, and city attractions. Ensuring residents and visitors have access to their own homes or those of their relatives, city hall, parks, libraries, retail, restaurants, and cultural epicenters benefit from the city adequately enforcing these basic restrictions. Residential neighborhoods and major business corridors already struggle with limited parking spaces. AB 516 will only exacerbate this problem by extending this privilege to every person regardless of income or ability by eliminating parking time restrictions.

Residents, businesses, and visitors have developed an expectation that safe and reliable parking will be available to access these facets of a city. These expectations are well-established in all communities. AB 516 would be particularly punishing on low-income communities where issues of blight such as illegal dumping and abandoned vehicles can be more acute. While AB 516 may provide some financial relief to an individual who chronically ignores parking and/or commits other vehicle violations, it would come at a cost to the greater good and character of all
