

- **Option C:** Approve a special assessment equal to 0.5% of cities' Measure M local return for this initial five-year period in order to fund this full-time position.² This would mirror the 0.5% administrative funding available under the subregional programs. Table 3 shows the cost per city based on the estimated annual local return revenue. Combined with the subregional funds, this would provide a total of \$163,068 annually, which would be sufficient to fully fund the position.

**Table 3.
Proposed Matching Funds for Subregional Planning.**

² This special assessment would only include cities included in the San Gabriel Valley subregion under Measure M, as well as the County.

³ The annual local return estimate for LA County represents the total funding across the County for all unincorporated communities. Based on estimates of the unincorporated population in the San Gabriel Valley, an assessment of \$10,000 per Supervisorial District was included in this chart.
