

ROSEMEAD COMMUNITY MEETING

JOIN US

The San Gabriel Valley Council of Governments (SGVCOG) invites you to two upcoming community meetings in Monterey Park and Rosemead to learn more about SGV Forward, a proposed project that will bring faster, more reliable, and more accessible transit service to your community.

DATE: Wednesday, January 28th, 2026

TIME: 6:00pm – 7:00pm

LOCATION: Rosemead Community Center,
3936 Muscatel Avenue, Rosemead, CA 91770

PROJECT OVERVIEW

SGV FORWARD is a proposed demonstration project that will:

- ✓ Add dedicated bus lanes on key corridors
- ✓ Upgrade traffic signals to help buses move more efficiently
- ✓ Improve bus stop amenities
- ✓ Make walking and biking connections safer and more accessible

These improvements are expected to make bus service faster, cut travel times by up to 25%, and provide stronger connections to jobs, schools, and healthcare.

This project would benefit the public through:

-  More connections between schools, jobs, and healthcare
-  More accessible transit with better bike and pedestrian connections
-  Job opportunities, increased business revenue, and economic growth
-  Faster, more reliable buses, with 10 to 25% savings on bus travel times¹
-  Proposed bus lanes serving more than 10 existing bus routes, including Metro Line 70 and Foothill Transit Line 486 and Silver Streak

¹ Move! That! Bus! (NACTO, 2022) <https://nacto.org/latest/new-nacto-report-improving-bus-service-is-key-to-fighting-climate-change/>
