# SGVCOG Weekly Recap

## Week of November 8, 2021

- **LA COUNTY REDISTRICTING (REQUEST FOR INPUT):** The SGVCOG is seeking input as to whether councilmembers or SGV cities have taken or plan to take a position on the LA County supervisorial maps currently under consideration by the LA County Citizens Redistricting Commission (CRC). The CRC is currently taking public comment on all of the submitted maps. The Governing Board will be discussing potential redistricting actions during its meeting next Thursday (November 18). Specifically, at the Governing it is anticipated that there will be discussions at the meeting regarding cities' preferences for the San Gabriel Valley to be represented by a single supervisorial district or by multiple. Staff is seeking as much feedback as possible from our member agencies to guide this discussion. **Please send your feedback, questions, and/or concerns on the redistricting process and maps up for consideration to Brianne Logasa, SGVCOG Management Analyst, at [blogasa@sqvcoq.org](mailto:blogasa@sqvcoq.org) as soon as possible.**
- **Special Transportation Committee Meeting Regarding Metro Law Enforcement Funding (11/16 @ 12:30 PM):** The Transportation Committee is having a special meeting on Tuesday, November 16 at 12:30 PM. The purpose of the meeting is to review Metro's Public Safety Advisory Committee's (PSAC) Recommendation on Metro Law Enforcement Funding. Early this month, PSAC submitted the following recommendation to the Metro Board of Directors:
  1. Allocate \$0.00 in additional funding for existing Metro policing contracts through the end of the fiscal year.
  2. Return to a non-contract law enforcement model to ensure public safety on the transit system by not extending the contracts.
  3. Shift the \$75 million needed through the end of the fiscal year to care and equity-centered supportive services (mental health and homeless outreach services), physical infrastructure improvements, transit ambassadors, and safety initiatives outlined in Metro's Customer Experience Plan.

Conversely, Metro staff has recommended approval of a \$75.2 million authorization to fund existing law enforcement contracts and included redirecting \$1.6 million to the Los Angeles County Department of Mental Health to provide mental health outreach services on the Metro system, removing fare collection enforcement from the duties of the law enforcement teams, and seeking protocols for Metro access to body-worn camera footage. In addition, policy modifications, including those related to training, screening, accountability and transparency, will be recommended for Metro's contracted and in-house non-law enforcement security services.

SGVCOG staff is recommending the Governing Board authorize the SGVCOG President to submit a letter to the Supervisor Hilda Solis, Chair of the Los Angeles County Metropolitan Transportation Authority (Metro) Board of Director supporting Metro staff's recommendation.

Additionally, the Governing Board voted to submit a revised comment letter to the Los Angeles County Citizens

Redistricting Commission that outlines the SGVCOG's priorities for the Los Angeles County redistricting process. That letter requested consideration of the following two issues:

The commission also approved the formation of two ad hoc working groups to split up and work on Maps B and F. The working groups will have to make any map changes to B and F by December 1, 2021 to be considered at the next public hearing. The commission scheduled a Special Meeting for Monday, November 29 to hopefully adopt the two new versions of maps B1 and F by that December 1 deadline.
