

**RE: Changes to the SGVCOG's Energy Assessment for Your Home (EASY)
Residential Energy Assessment Program**

Dear San Gabriel Valley Cities and Agencies,

As some cities and agencies may be aware, the SGVCOG's energy local government partnership with SoCalGas, known as the San Gabriel Valley Energy Wise Partnership, sunsetted on December 31, 2021. The end of this Partnership also temporarily paused our popular Energy Assessment for Your Home (EASY) residential energy assessment program, which provided free energy assessments for San Gabriel Valley residents to assist them identify opportunities to reduce their energy usage and costs.

Fortunately, we will be continuing the EASY Program under a different branding in partnership with the Southern California Regional Energy Network (SoCalREN) in 2022. The rebranded program is anticipated to launch in Spring 2022. Once additional information becomes available, we will be sure to share relevant updates with our cities and agencies.

Thank you for your time and please let us know if you have any questions or concerns.

Respectfully,
SGVCOG Staff
